11x17 laser paper I print on different sizes of paper. I am trying to get this function to print to the correct tray on our printer, but it is not working. If I print out a legal or 11x17 size document with this option checked, it prints out on letter size paper with a tiny image in the upper left hand corner.

11x17 laser paper To toggle between the two spaces, you can pick on one of the layout tabs and back to the Model tab. You can also enter the command TILEMODE and set it to 0 for paper space and 1 for model space. When you do this, you will notice that the UCS icon in the bottom left corner changed to a triangular icon.
