7 10 july 1998 [Farabet et al. 2013]: Learning Hierarchical Features for Scene Labeling, scheduled to appear
in the special issue on deep learning of IEEE Trans. on Pattern Analysis and Machine Intelligence. The task is
to label all the pixels in an image with the category of the object it belongs to. This is sometimes called scene
labeling, scene parsing, or semantic segmentation.

1998 ieee international symposium on industrial electronics isie 98 pertoria south africa university of pretoria 7 10 july 1998 The IEEE Standard for Floating-Point Arithmetic (IEEE 754) is a technical standard for floating-point arithmetic established in 1985 by the Institute of Electrical and Electronics Engineers (IEEE). The standard addressed many problems found in the diverse floating-point implementations that made them difficult to use reliably and portably. Many hardware floating-point units use the IEEE 754 ...

7 10 july 1998 This research is concerned with detecting defects in software requirements specification. Motivated by both the problem of producing reliable requirements and the limitations of existing taxonomies to provide a satisfactory level of information about defects in the requirements phase, we focus on providing a better tool for requirements analysts.
